PLS LOGISTICS EMPLOYEES RAISE MONEY FOR MDA

FOR IMMEDIATE RELEASE: Rochester, PA – When the law comes down on one of their own, PLS employees take action. The Muscular Dystrophy Association recently issued an “arrest warrant” for PLS employee, Amber Anderson. Amber will be “arrested” on Wed., May 6th and will be required to post bail before she can be released. Amber’s tongue-in-cheek arrest is all part of the annual MDA Lock-Up fund raiser.

PLS employees began their rally to support MDA soon after it was announced that Amber would spend time in the slammer, aka Texas Roadhouse, on May 6th. A series of fund raising events were launched in anticipation of raising \$1600 toward providing services for the MDA, including orthopedic equipment, clinic visits and summer camp.

Fridays throughout the year are typically labeled Jean Fridays and PLS employees can pay for the opportunity to wear jeans to work by making a contribution to a designated weekly charity. MDA is the recipient of two Jean Friday efforts, including Friday, May 1st.

The PLS Social Committee has also organized a Chinese Auction which kicked off on May 1st and ends when the winning Auction chances are drawn on Tues., May 5th. Employees donated the items to the Auction, which include jewelry, household items, books, children’s items, along with themed gift baskets.

Special auction items were donated by the PLS Leadership Team. The Leadership Team will serve as maitre’d and waiters for a specially catered lunch for eight lucky employees. Two employees will win a day of golf at an area golf club with PLS Leadership team members. Tickets for a Pittsburgh Pirate baseball game and the opportunity to win an extra paid day off were also contributed by company management.

The fund raising continues with a 50/50 drawing to be held during the company’s Cinco de Mayo celebration held at the conclusion of the Chinese Auction on Tues., May 5th.

PLS Logistics actively supports area charities throughout the year through a variety of fund raising efforts. “Our employees’ ongoing commitment to helping those less fortunate speaks of the caliber of people who represent PLS every day,” commented Bob Janeda, VP of Human Resources for PLS. “Even during difficult financial times, our employees find creative ways to raise monies to benefit others.”

PLS Logistics was named one of the Best Places to Work in the Pittsburgh region in 2008. Company information is available on the PLS website, www.pghlogistics.com.
